

Planter Box Policy

Homeowners wanting to add planter boxes on their decks must have Board approval and must follow these guidelines.

A drawing of the planter box is to be submitted to the property manager along with a refundable deposit of \$200.00 to present at the next Board of Directors meeting; it can be hand drawn with dimensions noted: length, width, height and location. Deposits will be refunded after completed.

1. The box is to be located on top of the approved deck bench and located on the bench next to the common area that separates the two unit's decks.
2. The length to be no longer than the deck bench.
3. The maximum height is 24 inches.
4. The planter box materials must match the existing siding of the buildings.
5. The planter box must be painted to match the existing color of the buildings.

Homeowner information must be completed below.
